SKILLS

Languages: JavaScript, TypeScript, Python, Java, PHP, SQL, Shell, C.

Frameworks: Node.js, React.js, Next.js, Laravel

Tech: Git, Postman, AWS, CI/CD, WordPress, NGINX

PROJECTS

Qrent – AI-Assisted Apartment Finder

Feb 2025 – Present

Tech Stack: Next.js, TypeScript, REST APIs

- Developed core frontend features for Qrent, a smart rental platform tailored for international students in Australia.
- Collaborated closely with the founder to design user-friendly UI/UX for property browsing and onboarding flows.
- Partnered with AI engineer to build an interactive questionnaire that analyzes user needs and recommends matching properties.
- Delivered the MVP using agile methodologies, including property filtering, AI assistant, and API-integrated listings.
- Contributed to user growth, supporting over 1100+ active users within the first 6 months post-launch.

EXPERIENCE

Casual Academic, UNSW College

May 2025 – Present

- Delivered tutorial, lab and help sessions.
- Acted as project manager for 2-3 student teams, conducting regular remote check-ins and progress tracking.

Software Engineering Intern, Amillex Global

Sep 2025 – Nov 2025

- Built a full company website from scratch using OceanWP and Elementor in WordPress, including a Forex margin calculator using HTML, CSS, and JavaScript, collaborating closely with the marketing team and UI designer on branding and content design.
- Deployed and locally configured a Spring Boot CRM system, set up MySQL, Redis, and RabbitMQ services and reverse-proxied traffic using NGINX for testing.
- Implemented payment integration for PayME Vietnam using PHP (Laravel), developing middleware and callback handlers to process secure transactions.

Web Scraper (Freelance)

Feb 2025

Tech Stack: Python, BeautifulSoup, Selenium

- Scraped data from 6 exhibition websites and extracted 1,200+ company information in 3 days.

ACTIVITIES

Digital Mentor, Hornsby Library

Apr 2025 – Dec 2025

- Conducted personalized one-on-one digital literacy sessions with seniors, covering smartphone, email, and internet use.

EDUCATION

Bachelor in Computer Science

Jan 2024 - Present

UNSW Sydney

WAM: 85

Coursework: Data Structure and Algorithm, Object-oriented programming in Java, Discrete Mathematics, Database System, Computer Networking.

Certifications

AWS Certified Cloud Practitioner - Amazon Web Services (AWS)
